## OLED Messenger

*Receive all official race information in real time in vehicle!*

- Displays all official times (lap and intermediate)
- Displays race positions in real time, gaps in real time with the drivers positions in front and behind
- Works on all types of circuits (tracks equipped our timing systems or with out)
- Powered by a rechargeable internal battery (8 hours battery life) or with a 12V supply
- Extremely easy to read due to the exceptional clarity of the OLED display (320 x 240 / 2.8 ") latest generation
- Ability to display custom messages (race director, pit director, team, etc)
- Stores all laps times and intermediate times results can be downloaded via USB

**Information displayed on the OLED Messenger during a race or practice:**
